1 Title: A list of SOS errors for Pascal -
 2 Created by: SYSOP on: 11/22/1988 13:47:52
 3
 4 Title: SOS Error Codes
 5 This is a list of errors codes available to the Pascal programmer from the
 6 Apple ///'s Sophisticated Operating System (SOS).
 7
 8 -----> Pascal Errors
 9 0 No error; normal I/O completion
 10 1 Out of filename storage space
 11 2 Bad unit number
 12 3 Illegal operation (e.g. read from PRINTER:)
 13 4 Illegal directory spec
 14 5 Lost unit; no longer on line
 15 6 Lost file; file no longer in directory
 16 7 Illegal pathname
 17 8 No room; insufficient space on diskette
 18 9 No unit; unit not on line
 19 10 No such file in specified directory
 20 11 Duplicate pathname
 21 12 Attempt to open an already open file
 22 13 Attempt to access a closed file
 23 14 Bad input format; error in reading number
 24 15 Wrong disk format
 25 16 Write protect error; diskette is protected
 26
 27 -----> SOS Device Call Errors
 28 32 (SOS) Invalid request code
 29 33 (SOS) Invalid control/status code
 30 34 (SOS) Invalid control/status parameter list
 31 35 (SOS) Character device not open
 32 36 (SOS) Device not available
 33 37 (SOS) Resource not available
 34 38 (SOS) Invalid operation
 35 39 (SOS) I/O error
 36 40 (SOS) Drive not connected
 37 42 (SOS) Checksum error
 38 43 (SOS) Device write protected
 39 44 (SOS) Byte count not a multiple of 512
 40 45 (SOS) Block number too large
 41 46 (SOS) Diskette has been switched
 42 48..63 (SOS) Device specific error
 43
 44 -----> SOS File Call Errors
 45 64 (SOS) Invalid pathname syntax
 46 65 (SOS) Too many character files open
 47 66 (SOS) Too many block files open
 48 67 (SOS) Invalid file reference number
 49 68 (SOS) Path not found
 50 69 (SOS) Volume not found
 51 70 (SOS) File not found
 52 71 (SOS) Duplicate file name
 53 72 (SOS) Overrun on volume
 54 73 (SOS) Directory full
 55 74 (SOS) Incompatible file format
 56 75 (SOS) Unsupported file storage type
 57 76 (SOS) Attempted read past end of file
 58 77 (SOS) File position out of range
 59 78 (SOS) Access not allowed
 60 79 (SOS) User supplied buffer too small
 61 80 (SOS) File busy
 62 81 (SOS) Volume format neither SOS nor Apple](
 63 82 (SOS) Not a SOS volume
 64 83 (SOS) Invalid length parameter
 65 84 (SOS) Out of memory for SOS system buffer
 66 85 (SOS) Buffer table full
 67 86 (SOS) Invalid system buffer parameter
 68 87 (SOS) Duplicate volume error

```
69 88 (SOS) Not a block device
70 89 (SOS) Invalid level
71 90 (SOS) Invalid bitmap address found on volume
72
73 -----> Utility Call Errors
74 112 Invalid Joy_Mode parameter
75
76 -----> System Call Errors
77 123..127
78
79 -----> Memory Call Errors
80 240 Invalid segment address
81 241 Segment request denied
82 242 Segment table full
83 243 Invalid segment number
84 244 Segment not found
85 245 Invalid Search_Mode parameter
86 246 Invalid Change_Mode parameter
87 247 Invalid pages parameter
